WORKING RELATIONSHIPS

Jennifer L. Robinette

My Box Office and public relations duties in the Division of Fine Arts have enabled me to work closely with most of my colleagues in Art, Music, and Theatre. I believe everyone who has worked with me would agree that I am dedicated to my job, my colleagues, and my students. Above all, I want people to be confident that they can depend on me, and when they need results, they can rest easy knowing I will come through for them. My appointment to serve the University as Satellite Campus Coordinator is evidence of my successful working relationships with administrators. I am enjoying getting to know the Chairs of all the Divisions and look forward to working with them to build enrollment in Beckley and Lewisburg.
